2023

Introduction

For more than 25 years, Move-N Software has been focused on creating exceptional software exclusively for the Senior Housing industry, designed to increase census and revenues, and enhance resident care. As the industry has changed and technology has advanced, so has Move-N. Our goal is to give our customers more than they expect. As a service to the industry, we have been providing monthly statistics based on data aggregated from our small, mid-sized and large customers across the US and Canada, so that you may get a sense for how your communities compare to national averages.

The information provided in this update consists of month to month, year to date data comparing the last six months of the previous and current year, as of November 30th.
